Rising Above

LIVE A LITTLE.

See where it takes you...

Trust me... it's paradise. This is where the hungry come to feed. For mine is a generation that circles the globe in search of something we haven't tried before.

So never refuse an invitation, never resist the unfamiliar, never fail to be polite, and never outstay your welcome. Just keep your mind open, and suck in the experience. And if it hurts... you know what, it's probably worth it.

You hope and you dream, but you never believe that something is going to happen for you... not like it does in the movies. And when it actually does, you expect it to feel different... more vicarial... more real.

I was waiting for it to hit me.

Hit me.

"Resolve to be thyself, and know, that he who finds himself, loses his misery."

"I expect to pass through life but once. If, therefore, there can be any kindness I can show, or any good thing I can do to a fellow being, let me do it now, and do not defer or neglect it, as I shall not pass this way again."

"Solitary trees, if they grow at all, grow strong."

"The world is a dangerous place to live, not because of the people who are evil, but because of the people who don't do anything about it."

"Keep your head held high."

"Friendships multiply joys and divide griefs."

"From what we get we can make a living. What we give, however, makes a life."

"The true test of character is not how much we know how to do, but how we behave when we don't know what to do."

"I'd rather be a could-be if I cannot be an are;
because a could-be is a maybe who is reaching for a star.
I'd rather be a has-been than a might-have-been, by far;
for a might-have-been has never been, but a has-been was once an are."

"Though we travel the world over to find the beautiful, we must carry it with us or we find it not."

"We can't all be heroes because someone has to sit on the curb and clap as they go by."

"The rung of a ladder was never meant to rest upon, but to hold a man's foot long enough to enable him to put the other somewhat higher."

"Laughter is the shortest distance between two people."

"When one door closes another door opens; but we so often look so long and so regretfully upon the closed door, that we do not see the ones that open for us."

"It's good to shut up sometimes."

"The whole problem with the world is that fools and fanatics are always so certain of themselves, but wiser people are so full of doubts."

"A successful person is one who can lay a firm foundation with the bricks that others throw at him."

"What is a friend? A single sould dwelling in two bodies."

"Those who oppose your ideas are inevitably those who represent the established order that your ideas will upset."

"The credit belongs to the man who is actually in the arena, whose face is marred by dust and sweat and blood; who strives valiantly; who errs and comes short again and again; who knows the great enthusiasms, the great devotion, and spends himself in a worthy cause; who, at best, knows the triumph of high achievement; and who, at the worst, if he fails, at least fails while daring greatly, so that his place shall never be with those cold and timid souls who know neither victory nor defeat."

"It is not in the stars to hold our destiny but in ourselves."

"In the kingdom of the blind, the one-eyed man is king."

"This above all; to thine own self be true."

"A journey of a thousand miles begins with a single step."

"Our greatest glory is not on never failing, but in rising every time we fall."

Letter from the Superintendent

Dear Members of the Class of 2002,

Since September 11, 2001, the United States has taken on a new sense of purpose. As graduates, you enter this ever-changing world and will be asked to guard and protect our basic freedoms. Take nothing for granted. The knowledge and skills learned while students at Middleborough High School will serve you well.

Please know, your community will always provide you with the support you need as you head towards college, the military, or the world of work.

Our sincere best wishes for a happy, healthy, and successful future.

Sincerely,

Denise M. Walsh
Superintendent of Schools

Goodbye Brooks, Hello Baldwin

Dear Members of the Class of 2002:

As you and I leave M.H.S. this year, you graduating, me retiring, you need to know that you have been provided with wonderful educational opportunities over the past twelve years. All of your teachers from elementary, middle, and high schools are proud to have played a role in your educational development.

As you leave this place and begin a new stage in life's journey, be confident that you can meet the challenges and changes that you will encounter. Believe in your abilities, count on family, depend upon good friends, and be true to your faith. Continue to learn, explore, and question. Make a difference in your life or someone else's every day. Make more good decisions than bad and when you're able to look back at the accomplishments of your life be certain that you can be proud of them.

And now, the next stage of your journey begins. Get to it!

Sincerely,

Harvey F. Brooks, Principal
(Retired)

First of all, I want to thank all of you for providing me with such a warm and accepting beginning to my tenure here at Middleborough High School. My time with the senior class was limited, but in only half a year I am most impressed with the leadership and potential that you possess. As you go through your adult lives remember that Middleborough High School has provided you with a foundation for success and will always be here for you as a place that you can always come home to. I would be remiss if I did not acknowledge your principal for the 3 1/2 years of your stay here. Mr. Harvey Brooks has given to this high school for over three decades. He truly has left his mark on Middleborough High School. Remember, you will always be the class that was here for the retirement of an institution at Middleborough and the beginning of a new era. I will attempt to keep the tradition alive. Good Luck to you all and remember you can always come home to Middleborough High School.

Sincerely,

Robert Baldwin, Principal

Welcome Dexter & Sulick

Mr. Stephen Dexter

Ms. Nancy Sulick

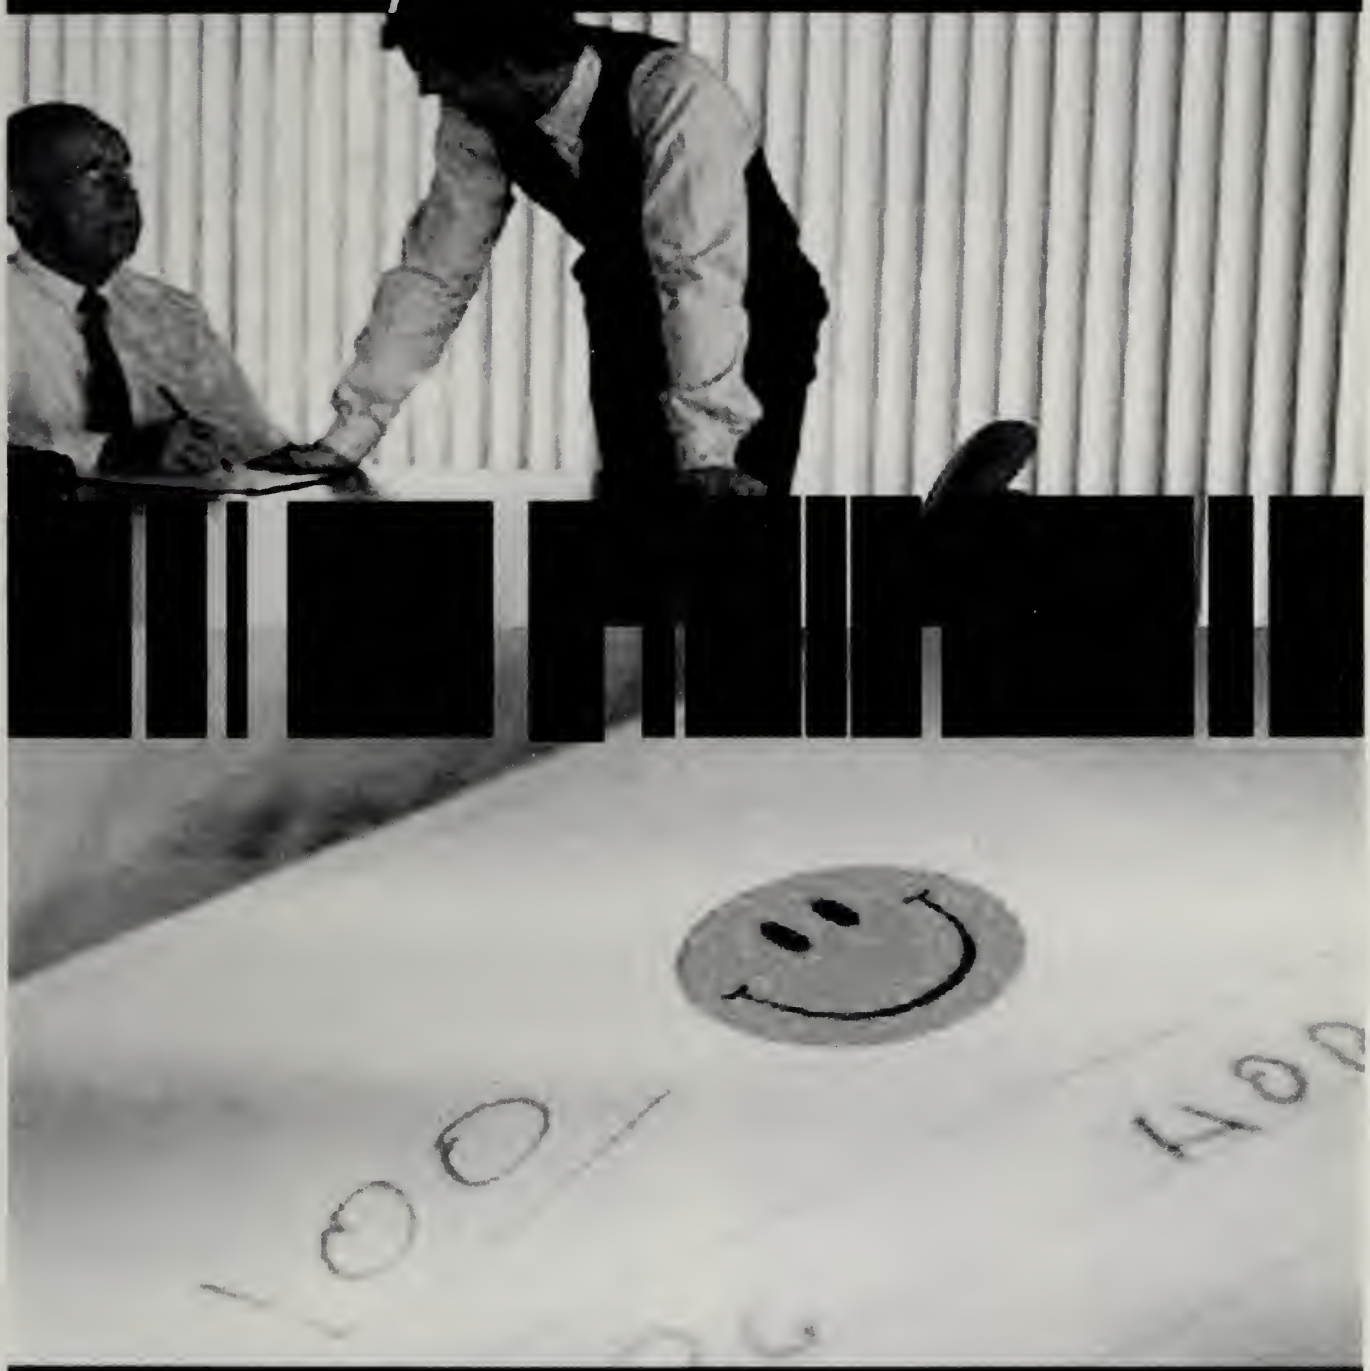

Dear Seniors:

It's been a memorable four months. Though our time together has been brief, we have heard nothing but great things about the legacy you've left us at Middleborough High School. Though we live in a time of confusion and national crisis, we have the confidence that America will be in good hands with your generation. The Class of 2002 will always be a part of MHS. Though you most likely have new and exciting plans for the future, please keep in mind that your years at Middleboro will always be a part of you.

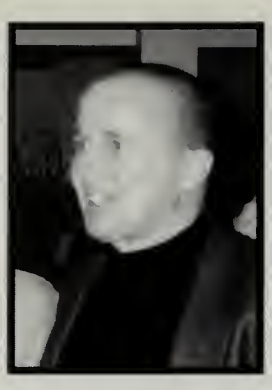

Sincerely,

Mr. Stephen Dexter & Ms. Nancy Sulick

Football team in a huddle.

The freshman class shows their sachem spirit at the pep rally.

"It is said that an eastern monarch once charged his wise men to invent a sentence, to be ever in view, and which should be true and appropriate in all times and situations. They presented him with the words, 'And this, too, shall pass away.' How much it expresses! How chastening in the hour of pride! How consoling in the depths of affliction!"

"No man is rich enough to buy back his past."

"It is better to debate a question before without settling it than to settle a question without debating it."

"Use what talent you possess: the woods would be very silent if no birds sang except those that sang best."

"The world is a tragedy to those who feel, but a comedy to those who think."

"To hold a pen is to be at war."

"We are wiser than we know."

"What counts is not necessarily the size of the dog in the fight; it's the size of the fight in the dog."

"There are only two ways to live your life. One is as though nothing is a miracle. The other is as though everything is a miracle."

"TIME is
Too slow for those who wait,
Too swift for those who fear,
Too long for those who grieve,
Too short for those who rejoice.
But for those who love,
TIME is not."

"Imagination is more important than knowledge. Knowledge is limited, but imagination encircles the world."

"Do not be afraid your life will end; be afraid that it will never begin."

"Do what you can, with what you have, where you are."

"In my end is my beginning."

"Love all, trust few; do wrong to none."

"Friends are the rare people who ask how we are and then wait to hear the answer."

"In order to have great happiness, you have to have great pain and unhappiness — otherwise how would you know when you're happy?"

"Life is about not knowing, having to change, taking the moment and making the best of it, without knowing what's going to happen next. Delicious ambiguity."

"People are like stained-glass windows. They sparkle and shine when the sun is out, but when the darkness sets in, their true beauty is revealed only if there is a light from within."

"May you live every day of your life."

"No one says you have to write on the lines, and certainly no one makes you color between them."

"Experience is not what happens to you. It is what you do with what happens to you."

"Friendship is never established as an understood relation. It is a miracle which requires constant proofs. It is an exercise of the purest imagination and of the rarest faith."

"The invariable mark of wisdom is to see the miraculous in the common."

"Dare To Be Happy"

Dare to be happy - don't shy away,
Reach out and capture the joy of today!

Life is for living! Give it a try;
Open your heart to the sun in the sky.

Dare to be loving, and trusting, and true;
Treasure the hours with those dare to you.

Dare to be kind - it's more fun than you know;
Give joy to others, and watch your own grow.

Dare to admit all your blessings, and then
Every day count them all over again.

Dare to be happy - don't shy away,
Reach out and capture the joy of today!

"The courage of life is often a less dramatic spectacle than the courage of a final moment; but it is no less a magnificent mixture of triumph and tragedy."

"The moment you discover that the world doesn't have your life but you do, your life becomes a shiny coin which you are free to spend on anything you desire. But you only get to spend it once."

"Drag your thoughts away from your troubles . . . by the ears, by the heels, or any other way you can manage it."

"Work is always twice as important to those who face nervous breakdowns."

"If you can touch another life for five seconds through humor, the result will last a lifetime."

"Quite often our lives are shaped by others' opinions about us, brought about by what we say about others more than by what others say about us."

"We should go through life looking at everything as though we were seeing it for the very first or the very last time."

"To-morrow, and to-morrow, and to-morrow, Creeps in this petty pace from day to day."

"Let your last words be 'I have lived well.'"

"Never compromise yourself."

"When you bury the hatchet, don't mark the grave."

"There is a great deal more to be learned in life by struggling to find the answer than from being given the solution."

"Real knowledge is to know the extent of one's ignorance."

"One person's impossible is another person's challenge."

"Many are stubborn in pursuit of the path they have chosen, few in pursuit of the goal."

"Even if we're not where we're going, at least we're not where we were."

"The young annoy their elders generation after generation by attempting the impossible and achieving it."

"And remember: no matter where you go, there you are."

"We are not born to be poets, but we are each of us a poem."

"Would you recognize yourself if you bumped into yourself in the street?"

"They say time flies, but it is we who fly past time. Time remains; it is we who go."

"Wherever you go, go with all your heart."

"To know the road ahead, ask those coming back."

"Even the broken clock is right twice a day."

"It is better to displease the people by doing what you know to be right than to temporarily please them by doing what you know to be wrong."

"If death is Shhh . . . then life should be Whooppee!!!"

"Better to light a candle than to curse the darkness."

"People who say that it cannot be done should not interrupt people who are doing it."

"Chances are for taking, not just for considering."

"Let the goals you set for your life be the criteria for all decision-making, and you will rarely become overwhelmed by doubt or confusion."

"Begin at the beginning . . . and go on till you come to the end; then stop."

"Many men go fishing all of their lives without knowing that it is not fish they are after."

"The fly that doesn't want to be swatted is most secure when it lights on the fly-swatter."

"No man every steps in the same river twice, for it's not the same river and he's not the same man."

"Beware the fury of a patient man."

"In our lifetime we will all say something great. Whether we were the first to say it or not is immaterial. The essential thing is that we and those who hear it recognize its greatness and allow it to echo through time."

"Drop the question what tomorrow may bring, and count as profit every day that Fate allows you."

"Seize the day, put no trust in the future."

"Those who cannot remember the past are condemned to repeat it."

"The young man who has not wept is a savage, and the old man who will not laugh is a fool."

"All truly wise thoughts have been thought already thousands of times; but to make them truly ours, we must think them over again honestly, till they take root in our personal experience."

"Resolve to be thyself; and know that he who finds himself, loses his misery."

"Life: a spiritual pickle preserving the body from decay."

"At bottom every man knows well enough that he is a unique being, only once on this earth; and by no extraordinary chance will such a marvellously picturesque piece of diversity in unity as he is, ever be put together a second time."

"Most of our faults are more pardonable than the means we use to conceal them."

"We must welcome the future, remembering that soon it will be the past; and we must respect the past, remembering that once it was all that was humanly possible."

"It is the mark of an educated mind to be able to entertain a thought without accepting it."

"I think; therefore I am."

"There is no end. There is no beginning. There is only the infinite passion of life."

"It is essential to work on retaining the memory, or our entire life will unhappen before our eyes."

You'll never quite forget...
But ever better, brighter days are waiting for you.
So dream your dreams, and start in now
To make them all come true!

Nicole,
We hope your dreams take you to the most special places your heart has ever known.
Love, Mom, Dad and Lisa

You're my peace of mind in this crazy world.
You're everything I've tried to find, your love is a pearl.
You're my Mona Lisa, you're my rainbow skies,
and my only prayer is that you realize
you'll always be beautiful in my eyes.

Th world will turn and the seasons will change,
and all the lessons we will learn will be beautiful and strange.
We'll have our fill of tears, our share of sighs.
My only prayer is that you realize
you'll always be beautiful in my eyes.

You will always be beautiful in my eyes.
And the passing years will show
that you will always grow more beautiful in my eyes.

When there are lines upon my face from a lifetime of smiles,
and when the time comes to embrace for one long last while,
we can laugh about how time really flies.
We won't say goodbye 'cause true love never dies.
You'll always be beautiful in my eyes.

You will always be beautiful in my eyes.
And the passing years will show
that you will always grow more beautiful in my eyes.
The passing years will show that you will always grow
ever more beautiful in my eyes.

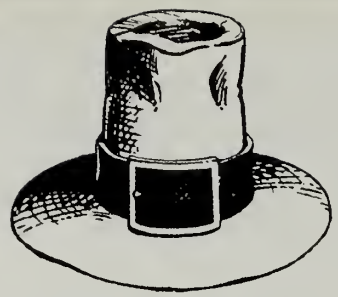

Kerri,
We wish for you health, love & happiness always...

The devotion of the greatest is to encounter risk and danger and play dice for death. And life itself told me this secret: 'Behold,' it said, 'I am that which must overcome itself again and again. Whatever I create and However much I love it-soon I have to oppose it and my love He who shot the doctrine of "will to existence" at truth certainly did not hit the truth: this will- does not exist! For what does no exist cannot will; but that which is in existence. How could it still want to come into existence? Only where life is, there is also will: not will to life, but will to power.-Nichtzschc

Senior year at MHS was the best year I had. This was laid back with easy classes. I'm glad to be getting out of school, but I'll miss all the people I won't see. Then people ask me where I go to school, I proudly say Middledboro High! Ya right. I've had to make many changes and important decisions in my life that I could not have made without the love and support of my family and friends. I love my two sisters, Rose and Amy. My Mother and my Dad, God rest his soul. I like going to movies with friends, banging out at peoples houses. I plan to go on to college, for what I am not sure though.

The best years of high school was freshman year. In history when I yelled at Cuba after that I was named as Cuban. But always stay friends with Bill Hill, John Bolio, Travis and Todd. Its been fun in school but sometimes it wasn't but we got through school and it has been fun. I hate to leave the soccer team but its time to play for a college. We had a good 4 years for school and will play championship team. The school has some good players so they will have a good year next school year.

I am searching for the perfect companion, must be mild-tempered, somewhat intelligent (to keep up with me), and enjoys a good laugh every so often. My physical preferences are long auburn hair, a slightly athletic build, height; between 4'10" and 5'09", hazel eyes, and attractive facial features a plus. If you meet these requirements and are interested contact me.

If you stand for nothing you will fall for nothing.

The outlook for the 2001 Cross Country season is a positive one! Striving to improve on their record from last year, the boys' team is looking to leadership from Captain Christopher Leonard who will set the pace with experience and determination. Other veteran runners looking to make their mark are Jake Naujunas, Colin Sullivan, Conor Sullivan, Jeffrey Cunningham, and Andrew Remillard. Even though they are new to the team, Jeff Stoddard and freshman Rob Cavanaugh have already shown their skills with great times.

The Sachem girls have lost many seniors from last year but maintain their strong nucleus of talent with the co-captain duo of Krystle Macneill and Ashley Teed. The two sophomore girls ran great times last season and can only expect to get better. They are supported by newcomers to theteam, but not of running, Shannon Heath, Amber Spears, Ashley Craig, and Sarah MacPherson. Sachems Cross Country — strong, determined, dedicated!

only when you close your eyes and dream you can ever reach your full potential.

Student Council

(f-b, l-r) The EXECUTIVE BOARD: Adviser Mr. Paul Branagan, Treasurer Becky Nadeau, Vice-President Greg Connors, Publicity Coordinator Rachel Hazard, Webmaster Katie Bresse, President Rachel Cummings, Secretary Kyle Dempsey, Historian/Sergeant-at-Arms Brendan Cahoon

They just keep getting bigger and bigger and bigger . . . . Middleboro High School's Student Council has grown to over 190 students! This fact makes them the largest council in the state, and certainly one of the largest in the nation.

Middleboro Student Council is a member and very active in the state with MASC, and also in our region with SEMASC. This past fall, Student Council held the region's fall conference, inviting 30 schools and over 500 students inside our school doors. Student Council will also be sending about 20 delegates to the spring MASC Conference and running Jared Craig for Vice-President of next year's MASC executive board. Middleboro's Student Council is well-respected and looked up to by the regions.

If there's an activity happening at our school, you can bet Student Council has some part of it. Student Council holds a variety of dances, with themes like the Homecoming Semi-Formal or the club-themed Valentine's Day dance. Student Council also holds 12 spirit weeks ranging from "Winter Meltdown" to the food connoisseur's favorite, "March Madness." Student Council is responsible for several other events that have become yearly staples in MHS's student life.

Student Council also holds several community service projects throughout the year. Each month, Student Council holds the "Make-a-Wish Minute" to benefit a different charity. They also were a part of "Ribbons for Unity" to benefit the September 11th tragedy. The Council does several things and is no stranger to the community.

As years progress, the Student Council grows, strengthens, and changes. Two new things this year are the Student Council website and television show. But one thing remains the same year after year. The Student Council is doing its job in brightening student life at Middleboro High School.

Art All-State

Kristen Riley

Art All-State is a program for talented junior art students. Nominated by their instructors, they submit a written application with slides - one must be a self portrait. They then have an interview with four art instructors from various schools discussing their art. Five hundred students statewide are selected from about 1200 nominees. They then gather together at the Worcester Art Museum in late May for a two-day conference with professional artists.

Student Government Day

Each year, two students from Middleborough High School are democratically elected to attend Student Govemment Day. Observed in accordance with Chapter 6, Section 12M of the General Laws of the Commonwealth of Massachusetts, and conducted by the Massachusetts Department of Education, Student Government Day allows public and nonpublic high school students to experience United States government at the state level. Students assume the roles of constitutional officers, court justices, and members of the General Court. Middleborough High School students have the privilege of acting as Representative Tom O'Brien, as they join in formal sessions in the ornate House Chamber. These sessions involve exercising the democratic process as students make statements, debate, and suggest amendments to proposed acts. Student Government Day is also a forum for students to exchange view points, values, and interests, as they further their understanding of the state-level government in Massachusetts, and become better educated citizens . . . citizens that will help shape the future.
